EQUIPMENT AND PROCUREMENT OFFICE
LITTLE ROCK, ARKANSAS

May 21, 2015

NOTICE TO BIDDERS
ADDENDUM

Bid No. H-15-313R
Road Sweeper

OPENING DATE: June 2, 2015

BID SPECIFICATION 15-88-194:

AS READ:

B. Unit Specifications:

3. Cab & Chassis

- L. Rear Axle: **Two** speed full-floating type with wet seals, outboard mounted drums and a minimum capacity of 21,000 pounds. **High range** ratio of 6.14, 6.17, 6.43, 6.50 or 6.83 to 1. Alternate ratio may be provided if approved by AHTD prior to delivery. (Axle ratio should provide a maximum theoretical geared speed of no less than 66 MPH and still provide acceptable startability.)

SHOULD HAVE READ:

B. Unit Specifications:

3. Cab & Chassis

- L. Rear Axle: **Single** speed full-floating type with wet seals, outboard mounted drums and a minimum capacity of 21,000 pounds. Ratio of 6.14, 6.17, 6.43, 6.50 or 6.83 to 1. Alternate ratio may be provided if approved by AHTD prior to delivery. (Axle ratio should provide a maximum theoretical geared speed of no less than 66 MPH and still provide acceptable startability.)

ALL OTHER SPECIFICATIONS SHALL REMAIN THE SAME.
