BUCKLE UP
ARKANSAS

Dear Arkansas Travelers
We're delighted to have you in our state as you travel through Arkansas. You'll see why we call ourselves the Natural State. We hope you enjoy our beautiful scenery and our outstanding system of highways.

The highway network shown on this map is maintained by the Arkansas State Highway and Transportation Department under the direction of the five-member Arkansas Highway Commission. We're nearing the completion of the largest highway construction and rehabilitation project in the state's history. We've spent almost \$1 billion to rehabilitate our interstate highways and ensure you have a smooth ride on major arteries.

Enjoy these fine roads as you explore the Ozark Mountains, the Ouachita Mountains, the pine forests of south Arkansas, the Delta, Crowley's Ridge, the Grand Prairie and the Arkansas River Valley. If you like to hike, canoe, fish, hunt, fish and take part in other outdoor activities, you've come to the right state. More and more Americans who have tired of long commutes and hour-long drive times are turning to Arkansas. They've discovered the incredible beauty and scenic views of our state parks and natural resources. We've combined high technology and natural beauty to offer a unique quality of life.

Please drive carefully and enjoy yourself as you travel the Natural State.

A Special Welcome From the Arkansas State Highway Commission and the Director

Arkansas' variety of colorful landscapes and seasonal make driving across our State a truly smoother ride that ever row that travelers. From the farmlands to the impressive mountain views and the unique experiences for roadway travelers. As the enjoyment of Arkansas roadway travel is a smoother ride that ever row that the 1999 Interstate Rehabilitation Program has provided for 350 miles of new or resurfaced Interstate highways. With such a significant portion of Interstates now rebuilt, we have provided a welcome amenity to travelers.

While the enhanced safety and efficiency of Arkansas Interstate travel is something we hope motorists will take advantage of, please do not overlook the value in experiencing the roads less traveled. Scenic Byways, Wildflower Routes and rural roadways take motorists on unforgettable adventures while making their way to the variety of relaxing natural resources and unlimited recreational opportunities our State has to offer.

As Arkansas' natural sights, communities and unique wildlife that only a road trip can offer, we have launched an initiative to reduce roadside litter by increasing awareness and enforcement. Motorists are asked to report people who litter by calling our 24-hour toll-free hotline at 866-811-1222. We will remind the vehicle's owner that littering our State is not only an eyesore, but is harmful to the environment and against the law. Please do your part to help us keep Arkansas clean and green.

As always, safety along Arkansas' roadways is our primary concern. Please obey roadway laws and state the road courteously so we will all enjoy the ride.
