UTILITY WORK REQUIRES LANE CLOSURE ON HIGHWAY 305 IN LONOKE COUNTY

LITTLE ROCK (3-22) – Utility work will require a lane closure on Highway 305 in Lonoke County, according to Arkansas State Highway and Transportation Department (AHTD) officials.

A natural gas company is scheduled to make utility repairs. This will require the excavation of the northbound lane of Highway 305 just north of Ernie Davis Road. That's just north of the Highway 67/Highway 305 intersection in Austin. The project will begin Saturday morning, March 23rd and be complete by Tuesday evening, March 26th. Traffic will be controlled by a 24/7 flagger operation that will be illuminated at night. A police officer will also be on the scene.

Any questions about the project should be directed to Natural Gas Pipeline Company at 713-551-5207.

Motorists should exercise caution when approaching and traveling through all highway work zones.
