United Way Recognizes AHTD

The Arkansas State Highway and Transportation Department has received recognition from the United Way for its 2005 United Way campaign.

The Department received a Crest Award at a United Way Campaign Celebration held in Little Rock on March 16th. The award recognizes a company or agency for its dedication and commitment to the campaign. To earn a Crest award, an agency must meet two of four criteria: a 10% increase in employee giving, \$100 or more per capita per employee, one

or more Pillar Society donors, or 50% or more participation.

In addition to the Crest Award, AHTD Personnel Specialist Carla Edwards was presented with the Outstanding Coordinator of the Year award for the AHTD's category. Edwards has coordinated AHTD's United Way campaign for the past five years.

AHTD employees across the state raised a total of \$25,532.23 for the 2005 United Way campaign.

Carla Edwards accepted the United Way Crest award for the AHTD 2005 campaign. Edwards received the Outstanding Campaign Coordinator of the Year award in the AHTD's category for her involvement in the campaign.

 AHTD People6

Employee: Cecil Coleman, Sr., Crew Leader, Crittenden County/Lehi, District 1

Length of Service: 14+ Years

Job Duties: I assist the Area Maintenance Supervisor every day to make sure that crews follow Department specifications while properly completing assigned maintenance jobs in a timely manner. In the absence of my supervisor, I assign daily work orders for the crews and attend to any challenges a day can bring within all areas of supervision.

Favorite part of the job: What I like most about my job is being able to work hand-in-hand with my crew members and always showing a positive attitude while trying to set a good example for others to follow. My daily goal is to do an excellent job in keeping

the area that my crews are responsible for in the best possible condition.

Background: My father, the late Stanley Coleman, worked for the Department for over ten years. When I was a child, I never dreamed I would have the opportunity to follow in his footsteps and try to fill his shoes, but I'm proud to have taken his advice. He was a hard worker and he always said 'dedication and hard work will pay off'. I began working for the Department as a General Laborer under the supervision of Area Maintenance Supervisor Jimmy Bryant, in Marianna, in August of 1991. Through hard work and determination, I have earned several promotions (SATD, Vegetation Controller, Maintenance Aide I & Maintenance Aide II) up to this point in my career. My present title as Crew Leader has been the most re-

warding. God has blessed me with another great supervisor to work with and hopefully to further my career with the Department. With this promotion, in 2002, my family and I had to move from Marianna closer to my work area, but we have all adjusted well to the move. I am very happy with where I am and I appreciate everyone who felt confident that I would be the best qualified person to fill the position as Crew Leader.

Family: My wife Carolyn, of 22 years of marriage, is a wonderful woman. We have three children, CeCarol, Cecil Jr., and Cecily, and one granddaughter, Christian. Carolyn is employed at Le Bonheur East Surgery Center in Memphis as a Surgical Technician. My oldest daughter, CeCarol, and my son, Cecil, Jr., are currently attending Mid-South Community College in West Memphis. My youngest daughter, Cecily, is a junior at West Memphis High School where she is a Flag Girl in the band and a member of the West Memphis High School Choir.

Hobbies/Interests: My interests include attending church, ministering, singing and spending time with my family.

Two from Computer Services Tackle Little Rock Marathon

Charlie Frame and Ron Mitchell, of AHTD's Computer Services Division, had never run in a race quite so long before. On March 5th, they lined up to compete in their very first marathon.

Frame, age 57, and Mitchell, age 42, joined 6,000 other runners early that morning to run in the Little Rock Marathon.

Running a marathon can be a grueling task, especially for someone who has never run one before. It is approximately 26 miles and takes multiple hours to complete.

For Charlie and Ron, this was a new experience.

"I run two or three 5K races per month," stated Frame. 5K races are a little over three miles in length.

As for Ron, "I run mostly 5K races for fun but did complete the Little Rock Half Marathon last year and thought I would try the marathon this year."

Running in a marathon isn't something you jump right into. To properly train for a race takes months.

"I did a four-month training program which consisted of two short runs and one long run per week," Mitchell stated. "I added mileage to the long run until I was able to run about 20 miles without stopping."

Frame also put in some extra training. "I run about 30 miles per week when not training for a marathon, but increased to about 35 miles per week at a slower pace two months before the marathon. I learned from this race to start earlier than two months. Next time I will start at 21 weeks prior to the race and increase my mileage no more than ten percent each time. I plan on running the marathon again next year to improve my time."

Training paid off for both men. Frame finished the marathon in 5 hours and 36 minutes. Mitchell crossed the finish line after 4 hours and 9 minutes.

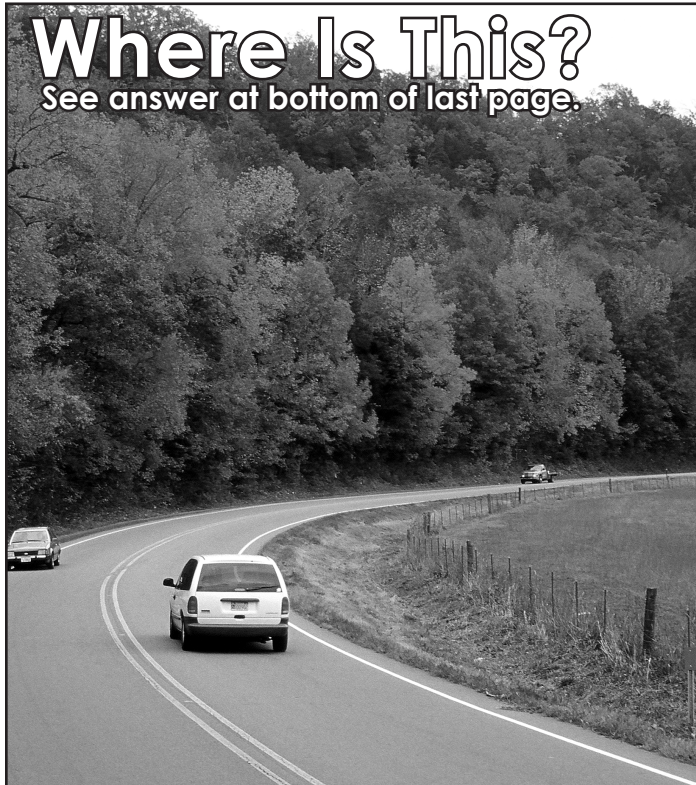

(l. to r.) Charlie Frame, Quality Assurance Specialist II, and Ron Mitchell, Lead Section Analyst, of Computer Services, ran their first marathon on March 5, 2006.

Frame and Mitchell both gave credit to their families for their success.

"My supporters were my wife, son and grandson. I could not have made it without the help of my son, Brian, who helped me train," commented Frame.

For Mitchell, his wife Stacy was a big supporter. "She helped me train and cheerfully provided support on race day," Mitchell added.

Asked if he would do it again next year Mitchell responded, "Maybe, but the 5K races are more fun and hurt less!"

Arkansas State Employees Health Insurance Comparative Income Statement

To keep you informed throughout the plan year, we will periodically present the income statement for our health plan.

	Months Ending February 28		Increase/ (Decrease)	Percent Increase/ (Decrease)
	2006	2005		
FUNDING				
State Contribution	\$ 21,171,820	\$ 18,196,430	\$ 2,975,390	16.35%
Employee Contribution, Rebates, Life	\$ 12,397,423	\$ 12,983,231	\$ (585,808)	-4.51%
TOTAL	\$33,569,243	\$ 31,179,661	\$ 2,389,582	7.66%
EXPENSES				
Medical Expenses	\$ 25,052,426	\$ 21,741,138	\$ 3,311,288	15.23%
Life Insurance Premiums	\$ 275,839	\$ 294,204	\$ (18,365)	-6.24%
Pharmacy Expenses	\$ 7,870,384	\$ 7,450,495	\$ 419,889	5.64%
Plan Administration	\$ 65,061	\$ 139,464	\$ (74,403)	-53.35%
TOTAL	\$ 33,263,710	\$ 29,625,301	\$ 3,638,409	12.28%
Net Income/(Loss)	\$ 305,533	\$ 1,554,360	(\$ 1,248,827)	-80.34%

The increase in funding is additional contributions paid by the State of Arkansas and was not enough to offset the increase in medical and pharmacy expenses.
